officers, and employees of the firm and its affiliates for violation of state or federal antitrust laws with respect to a public contract for violation of any state or federal law involving fraud, bribery, collusion, conspiracy or material misrepresentation with respect to a public contract. This includes disclosure of the names of current employees who were convicted of contract crimes while in the employ of another company.

- All information provided by, and representations made by, the respondent are material and important and will be relied upon by the Buyer in awarding the Contract. Any misstatement shall be treated as fraudulent concealment from the Buyer of the true facts

relating to submission of the bid. A misrepresentation shall be punishable under law, including, but not limited to, Chapter 817 of the Florida Statutes.

**10. Manufacturer's Name and Approved Equivalents.** Unless otherwise specified, any manufacturers' names, trade names, brand names, information or catalog numbers listed in a specification are descriptive, not restrictive. With the Buyer's prior approval, the Contractor may provide any product that meets or exceeds the applicable specifications. The Contractor shall demonstrate comparability, including appropriate catalog materials, literature, specifications, test data, etc. The Buyer shall determine in its sole discretion whether a product is acceptable as an equivalent.

**11. Performance Qualifications.** The Buyer reserves the right to investigate or inspect at any time whether the product, qualifications, or facilities offered by Respondent meet the Contract requirements. Respondent shall at all times during the Contract term remain responsive and responsible. In determining Respondent's responsibility as a vendor, the agency shall consider all information or evidence which is gathered or comes to the attention of the agency which demonstrates the Respondent's capability to fully satisfy the requirements of the solicitation and the contract.

Respondent must be prepared, if requested by the Buyer, to present evidence of experience, ability, and financial standing, as well as a statement as to plant, machinery, and capacity of the respondent for the production, distribution, and servicing of the product bid. If the Buyer determines that the conditions of the solicitation documents are not complied with, or that the product proposed to be furnished does not meet the specified requirements, or that the qualifications, financial standing, or facilities are not satisfactory, or that performance is untimely, the Buyer may reject the response or terminate the Contract. Respondent may be disqualified from receiving awards if respondent, or anyone in respondent's employment, has previously failed to perform satisfactorily in connection with public bidding or contracts. This paragraph shall not mean or imply that it is obligatory upon the Buyer to make an investigation either before or after award of the Contract, but should the Buyer elect to do so, respondent is not relieved from fulfilling all Contract requirements.

**12. Public Opening.** Responses shall be opened on the date and at the location indicated on the Timeline. Respondents may, but are not required to, attend. The Buyer may choose not to announce prices or release other materials pursuant to s. 119.071(1)(b), Florida Statutes. Any person requiring a special accommodation because of a disability should contact the Procurement Officer at least five (5) workdays prior to the solicitation opening. If you are hearing or speech impaired, please contact the Buyer by using the Florida Relay Service at (800) 955-8771 (TDD).

**13. Electronic Posting of Notice of Intended Award.** Based on the evaluation, on the date indicated on the Timeline the Buyer shall electronically post a notice of

intended award at [http://fcn.state.fl.us/owa\\_vbs/owa/vbs\\_www.main\\_menu](http://fcn.state.fl.us/owa_vbs/owa/vbs_www.main_menu). If the notice of award is delayed, in lieu of posting the notice of intended award the Buyer shall post a notice of the delay and a revised date for posting the notice of intended award. Any person who is adversely affected by the decision shall file with the Buyer a notice of protest within 72 hours after the electronic posting. The Buyer shall not provide tabulations or notices of award by telephone.

**14. Firm Response.** The Buyer may make an award within sixty (60) days after the date of the opening, during which period responses shall remain firm and shall not be withdrawn. If award is not made within sixty (60) days, the response shall remain firm until either the Buyer awards the Contract or the Buyer receives from the respondent written notice that the response is withdrawn. Any response that expresses a shorter duration may, in the Buyer's sole discretion, be accepted or rejected.

**15. Clarifications/Revisions.** Before award, the Buyer reserves the right to seek clarifications or request any information deemed necessary for proper evaluation of submissions from all respondents deemed eligible for Contract award. Failure to provide requested information may result in rejection of the response.

**16. Minor Irregularities/Right to Reject.** The Buyer reserves the right to accept or reject any and all bids, or separable portions thereof, and to waive any minor irregularity, technicality, or omission if the Buyer determines that doing so will serve the State's best interests. The Buyer may reject any response not submitted in the manner specified by the solicitation documents.

**17. Contract Formation.** The Buyer shall issue a notice of award, if any, to successful respondent(s), however, no contract shall be formed between respondent and the Buyer until the Buyer signs the Contract. The Buyer shall not be liable for any costs incurred by a respondent in preparing or producing its response or for any work performed before the Contract is effective.

**18. Contract Overlap.** Respondents shall identify any products covered by this solicitation that they are currently authorized to furnish under any state term contract. By entering into the Contract, a Contractor authorizes the Buyer to eliminate duplication between agreements in the manner the Buyer deems to be in its best interest.

**19. Public Records.** Article 1, section 24, Florida Constitution, guarantees every person access to all public records, and Section 119.011, Florida Statutes, provides a broad definition of public record. As such, all responses to a competitive solicitation are public records unless exempt by law. Any respondent claiming that its response contains information that is exempt from the public records law shall clearly segregate and mark that information and provide the specific statutory citation for such exemption.

**20. Protests.** Any protest concerning this solicitation shall be made in accordance with sections 120.57(3)

and 287.042(2) of the Florida Statutes and chapter 28-110 of the Florida Administrative Code. Questions to the Procurement Officer shall not constitute formal notice of a protest. It is the Buyer's intent to ensure that specifications are written to obtain the best value for the State and that specifications are written to ensure competitiveness, fairness, necessity and reasonableness in the solicitation process.

Section 120.57(3)(b), F.S. and Section 28-110.003, Fla. Admin. Code require that a notice of protest of the solicitation documents shall be made within seventy-two hours after the posting of the solicitation.

Section 120.57(3)(a), F.S. requires the following statement to be included in the solicitation: "Failure to file a protest within the time prescribed in section 120.57(3), Florida Statutes, shall constitute a waiver of proceedings under Chapter 120, Florida Statutes."

Section 28-110.005, Fla. Admin. Code requires the following statement to be included in the solicitation: "Failure to file a protest within the time prescribed in Section 120.57(3), Florida Statutes, or failure to post the bond or other security required by law within the time allowed for filing a bond shall constitute a waiver of proceedings under Chapter 120, Florida Statutes."

**21. Limitation on Vendor Contact with Agency During Solicitation Period.** Respondents to this solicitation or persons acting on their behalf may not contact, between the release of the solicitation and the end of the 72-hour period following the agency posting the notice of intended award, excluding Saturdays, Sundays, and state holidays, any employee or officer of the executive or legislative branch concerning any aspect of this solicitation, except in writing to the procurement officer or as provided in the solicitation documents. Violation of this provision may be grounds for rejecting a response.

**1. Definitions.** The definitions contained in s. 60A-1.001, F.A.C. shall apply to this agreement. The following additional terms are also defined:

(a) "Contract" means the legally enforceable agreement that results from a successful solicitation. The parties to the Contract will be the Customer and Contractor.

(b) "Customer" means the State agency or other entity identified in a contract as the party to receive

commodities or contractual services pursuant to a contract or that orders commodities or contractual services via purchase order or other contractual instrument from the Contractor under the Contract. The "Customer" may also be the "Buyer" as defined in the PUR 1001 if it meets the definition of both terms.

(c) "Product" means any deliverable under the Contract, which may include commodities, services, technology or software.

(d) "Purchase order" means the form or format a Customer uses to make a purchase under the Contract (e.g., a formal written purchase order, electronic purchase order, procurement card, contract or other authorized means).

**2. Purchase Orders.** In contracts where commodities or services are ordered by the Customer via purchase order, Contractor shall not deliver or furnish products until a Customer transmits a purchase order. All purchase orders shall bear the Contract or solicitation number, shall be placed by the Customer directly with the Contractor, and shall be deemed to incorporate by reference the Contract and solicitation terms and conditions. Any discrepancy between the Contract terms and the terms stated on the Contractor's order form, confirmation, or acknowledgement shall be resolved in favor of terms most favorable to the Customer. A purchase order for services within the ambit of section 287.058(1) of the Florida Statutes shall be deemed to incorporate by reference the requirements of subparagraphs (a) through (f) thereof. Customers shall designate a contract manager and a contract administrator as required by subsections 287.057(15) and (16) of the Florida Statutes.

**3. Product Version.** Purchase orders shall be deemed to reference a manufacturer's most recently release model or version of the product at the time of the order, unless the Customer specifically requests in writing an earlier model or version and the contractor is willing to provide such model or version.

**4. Price Changes Applicable only to Term Contracts.** If this is a term contract for commodities or services, the following provisions apply.

(a) Quantity Discounts. Contractors are urged to offer additional discounts for one time delivery of large single orders. Customers should seek to negotiate additional price concessions on quantity purchases of any products offered under the Contract. State Customers shall document their files accordingly.

(b) Best Pricing Offer. During the Contract term, if the Customer becomes aware of better pricing offered by the Contractor for substantially the same or a smaller quantity of a product outside the Contract, but upon the same or similar terms of the Contract, then at the discretion of the Customer the price under the Contract shall be immediately reduced to the lower price.

(c) Sales Promotions. In addition to decreasing prices for the balance of the Contract term due to a change in market conditions, a Contractor may conduct sales promotions involving price reductions for a specified lesser period. A Contractor shall submit to the Contract Specialist documentation identifying the proposed (1) starting and ending dates of the promotion, (2) products

involved, and (3) promotional prices compared to then-authorized prices. Promotional prices shall be available to all Customers. Upon approval, the Contractor shall provide conspicuous notice of the promotion.

(d) **Trade-In.** Customers may trade-in equipment when making purchases from the Contract. A trade-in shall be negotiated between the Customer and the Contractor. Customers are obligated to actively seek current fair market value when trading equipment, and to keep accurate records of the process. For State agencies, it may be necessary to provide documentation to the Department of Financial Services and to the agency property custodian pursuant to Chapter 273, F.S.

(e) **Equitable Adjustment.** The Customer may, in its sole discretion, make an equitable adjustment in the Contract terms or pricing if pricing or availability of supply is affected by extreme and unforeseen volatility in the marketplace, that is, by circumstances that satisfy all the following criteria: (1) the volatility is due to causes wholly beyond the Contractor's control, (2) the volatility affects the marketplace or industry, not just the particular Contract source of supply, (3) the effect on pricing or availability of supply is substantial, and (4) the volatility so affects the Contractor that continued performance of the Contract would result in a substantial loss.

**5. Additional Quantities.** For a period not exceeding ninety (90) days from the date of solicitation award, the Customer reserves the right to acquire additional quantities up to the amount shown on the solicitation but not to exceed the threshold for Category Two at the prices submitted in the response to the solicitation.

**6. Packaging.** Tangible product shall be securely and properly packed for shipment, storage, and stocking in appropriate, clearly labeled, shipping containers and according to accepted commercial practice, without extra charge for packing materials, cases, or other types of containers. All containers and packaging shall become and remain Customer's property.

**7. Inspection at Contractor's Site.** The Customer reserves the right to inspect, at any reasonable time with prior notice, the equipment or product or plant or other facilities of a Contractor to assess conformity with Contract requirements and to determine whether they are adequate and suitable for proper and effective Contract performance.

**8. Safety Standards.** All manufactured items and fabricated assemblies subject to operation under pressure, operation by connection to an electric source, or operation involving connection to a manufactured, natural, or LP gas source shall be constructed and approved in a manner acceptable to the appropriate State inspector. Acceptability customarily requires, at a minimum, identification marking of the appropriate safety standard organization, where such approvals of listings have been established for the type of device offered and furnished, for example: the American Society of Mechanical Engineers for pressure vessels; the Underwriters Laboratories and/or National Electrical Manufacturers' Association for electrically operated assemblies; and the American Gas Association for gas-

operated assemblies. In addition, all items furnished shall meet all applicable requirements of the Occupational Safety and Health Act and state and federal requirements relating to clean air and water pollution.

**9. Americans with Disabilities Act.** Contractors should identify any products that may be used or adapted for use by visually, hearing, or other physically impaired individuals.

**10. Literature.** Upon request, the Contractor shall furnish literature reasonably related to the product offered, for example, user manuals, price schedules, catalogs, descriptive brochures, etc.

**11. Transportation and Delivery.** Prices shall include all charges for packing, handling, freight, distribution, and inside delivery. Transportation of goods shall be FOB Destination to any point within thirty (30) days after the Customer places an Order. A Contractor, within five (5) days after receiving a purchase order, shall notify the Customer of any potential delivery delays. Evidence of inability or intentional delays shall be cause for Contract cancellation and Contractor suspension.

**12. Installation.** Where installation is required, Contractor shall be responsible for placing and installing the product in the required locations at no additional charge, unless otherwise designated on the Contract or purchase order. Contractor's authorized product and price list shall clearly and separately identify any additional installation charges. All materials used in the installation shall be of good quality and shall be free of defects that would diminish the appearance of the product or render it structurally or operationally unsound. Installation includes the furnishing of any equipment, rigging, and materials required to install or replace the product in the proper location. Contractor shall protect the site from damage and shall repair damages or injury caused during installation by Contractor or its employees or agents. If any alteration, dismantling, excavation, etc., is required to achieve installation, the Contractor shall promptly restore the structure or site to its original condition. Contractor shall perform installation work so as to cause the least inconvenience and interference with Customers and with proper consideration of others on site. Upon completion of the installation, the location and surrounding area of work shall be left clean and in a neat and unobstructed condition, with everything in satisfactory repair and order.

**13. Risk of Loss.** Matters of inspection and acceptance are addressed in s. 215.422, F.S. Until acceptance, risk of loss or damage shall remain with the Contractor. The Contractor shall be responsible for filing, processing, and collecting all damage claims. To assist the Contractor with damage claims, the Customer shall: record any evidence of visible damage on all copies of the delivering carrier's Bill of Lading; report damages to the carrier and the Contractor; and provide the Contractor with a copy of the carrier's Bill of Lading and damage inspection report. When a Customer rejects a product, Contractor shall remove it from the premises within ten days after notification or rejection. Upon rejection notification, the risk of loss of rejected or non-conforming product shall remain with the Contractor. Rejected product not removed by the

Contractor within ten days shall be deemed abandoned by the Contractor, and the Customer shall have the right to dispose of it as its own property. Contractor shall reimburse the Customer for costs and expenses incurred in storing or effecting removal or disposition of rejected product.

**14. Transaction Fee.** The State of Florida has instituted MyFloridaMarketPlace, a statewide eProcurement System ("System"). Pursuant to section 287.057(23), Florida Statutes (2002), all payments shall be assessed a Transaction Fee of one percent (1.0%), which the Contractor shall pay to the State, unless exempt pursuant to 60A-1.032, F.A.C.

For payments within the State accounting system (FLAIR or its successor), the Transaction Fee shall, when possible, be automatically deducted from payments to the Contractor. If automatic deduction is not possible, the Contractor shall pay the Transaction Fee pursuant to Rule 60A-1.031(2), F.A.C. By submission of these reports and corresponding payments, Contractor certifies their correctness. All such reports and payments shall be subject to audit by the State or its designee.

Contractor shall receive a credit for any Transaction Fee paid by the Contractor for the purchase of any item(s) if such item(s) are returned to the Contractor through no fault, act, or omission of the Contractor. Notwithstanding the foregoing, a Transaction Fee is non-refundable when an item is rejected or returned, or declined, due to the Contractor's failure to perform or comply with specifications or requirements of the agreement.

Failure to comply with these requirements shall constitute grounds for declaring the Contractor in default and recovering reprourement costs from the Contractor in addition to all outstanding fees.  
**CONTRACTORS DELINQUENT IN PAYING TRANSACTION FEES MAY BE SUBJECT TO BEING REMOVED FROM THE DEPARTMENT OF MANAGEMENT SERVICES' VENDOR LIST AS PROVIDED IN RULE 60A-1.006, F.A.C.**

**15. Invoicing and Payment.** Invoices shall contain the Contract number, purchase order number if applicable, and the appropriate vendor identification number. The State may require any other information from the Contractor that the State deems necessary to verify any purchase order placed under the Contract.

At the State's option, Contractors may be required to invoice electronically pursuant to guidelines of the Department of Management Services. Current guidelines require that Contractor supply electronic invoices in lieu of paper-based invoices for those transactions processed through the system. Electronic invoices shall be submitted to the Customer through the Ariba Supplier Network (ASN) in one of the following mechanisms – EDI 810, cXML, or web-based invoice entry within the ASN.

Payment shall be made in accordance with sections 215.422 and 287.0585 of the Florida Statutes, which govern time limits for payment of invoices. Invoices that must be returned to a Contractor due to preparation errors will result in a delay in payment. Contractors may call (850) 413-7269 Monday through Friday to inquire about the status of payments by State Agencies. The Customer is responsible for all payments under the

Contract. A Customer's failure to pay, or delay in payment, shall not constitute a breach of the Contract and shall not relieve the Contractor of its obligations to the Department or to other Customers.

**16. Taxes.** The State does not pay Federal excise or sales taxes on direct purchases of tangible personal property. The State will not pay for any personal property taxes levied on the Contractor or for any taxes levied on employees' wages. Any exceptions to this paragraph shall be explicitly noted by the Customer in the special contract conditions section of the solicitation or in the Contract or purchase order.

**17. Governmental Restrictions.** If the Contractor believes that any governmental restrictions have been imposed that require alteration of the material, quality, workmanship or performance of the products offered under the Contract, the Contractor shall immediately notify the Customer in writing, indicating the specific restriction. The Customer reserves the right and the complete discretion to accept any such alteration or to cancel the Contract at no further expense to the Customer.

**18. Lobbying and Integrity.** Customers shall ensure compliance with Section 11.062, FS and Section 216.347, FS. The Contractor shall not, in connection with this or any other agreement with the State, directly or indirectly (1) offer, confer, or agree to confer any pecuniary benefit on anyone as consideration for any State officer or employee's decision, opinion, recommendation, vote, other exercise of discretion, or violation of a known legal duty, or (2) offer, give, or agree to give to anyone any gratuity for the benefit of, or at the direction or request of, any State officer or employee. For purposes of clause (2), "gratuity" means any payment of more than nominal monetary value in the form of cash, travel, entertainment, gifts, meals, lodging, loans, subscriptions, advances, deposits of money, services, employment, or contracts of any kind. Upon request of the Customer's Inspector General, or other authorized State official, the Contractor shall provide any type of information the Inspector General deems relevant to the Contractor's integrity or responsibility. Such information may include, but shall not be limited to, the Contractor's business or financial records, documents, or files of any type or form that refer to or relate to the Contract. The Contractor shall retain such records for the longer of (1) three years after the expiration of the Contract or (2) the period required by the General Records Schedules maintained by the Florida Department of State (available at: <http://dhis.dos.state.fl.us/barm/genschedules/gensched.htm>). The Contractor agrees to reimburse the State for the reasonable costs of investigation incurred by the Inspector General or other authorized State official for investigations of the Contractor's compliance with the terms of this or any other agreement between the Contractor and the State which results in the suspension or debarment of the Contractor. Such costs shall include, but shall not be limited to: salaries of investigators, including overtime; travel and lodging expenses; and expert witness and documentary fees. The Contractor shall not be responsible for any costs of investigations that do not result in the Contractor's suspension or debarment.

**19. Indemnification.** The Contractor shall be fully liable for the actions of its agents, employees, partners, or subcontractors and shall fully indemnify, defend, and

hold harmless the State and Customers, and their officers, agents, and employees, from suits, actions, damages, and costs of every name and description, including attorneys' fees, arising from or relating to personal injury and damage to real or personal tangible property alleged to be caused in whole or in part by Contractor, its agents, employees, partners, or subcontractors, provided, however, that the Contractor shall not indemnify for that portion of any loss or damages proximately caused by the negligent act or omission of the State or a Customer.

Further, the Contractor shall fully indemnify, defend, and hold harmless the State and Customers from any suits, actions, damages, and costs of every name and description, including attorneys' fees, arising from or relating to violation or infringement of a trademark, copyright, patent, trade secret or intellectual property right, provided, however, that the foregoing obligation shall not apply to a Customer's misuse or modification of Contractor's products or a Customer's operation or use of Contractor's products in a manner not contemplated by the Contract or the purchase order. If any product is the subject of an infringement suit, or in the Contractor's opinion is likely to become the subject of such a suit, the Contractor may at its sole expense procure for the Customer the right to continue using the product or to modify it to become non-infringing. If the Contractor is not reasonably able to modify or otherwise secure the Customer the right to continue using the product, the Contractor shall remove the product and refund the Customer the amounts paid in excess of a reasonable rental for past use. The customer shall not be liable for any royalties.

The Contractor's obligations under the preceding two paragraphs with respect to any legal action are contingent upon the State or Customer giving the Contractor (1) written notice of any action or threatened action, (2) the opportunity to take over and settle or defend any such action at Contractor's sole expense, and (3) assistance in defending the action at Contractor's sole expense. The Contractor shall not be liable for any cost, expense, or compromise incurred or made by the State or Customer in any legal action without the Contractor's prior written consent, which shall not be unreasonably withheld.

**20. Limitation of Liability.** For all claims against the Contractor under any contract or purchase order, and regardless of the basis on which the claim is made, the Contractor's liability under a contract or purchase order for direct damages shall be limited to the greater of \$100,000, the dollar amount of the contract or purchase order, or two times the charges rendered by the Contractor under the purchase order. This limitation shall not apply to claims arising under the Indemnity paragraph contain in this agreement.

Unless otherwise specifically enumerated in the Contract or in the purchase order, no party shall be liable to another for special, indirect, punitive, or consequential damages, including lost data or records (unless the contract or purchase order requires the Contractor to back-up data or records), even if the party has been advised that such damages are possible. No party shall be liable for lost profits, lost revenue, or lost institutional operating savings. The State and Customer may, in addition to other remedies available to them at law or equity and upon notice to the

Contractor, retain such monies from amounts due Contractor as may be necessary to satisfy any claim for damages, penalties, costs and the like asserted by or against them. The State may set off any liability or other obligation of the Contractor or its affiliates to the State against any payments due the Contractor under any contract with the State.

**21. Suspension of Work.** The Customer may in its sole discretion suspend any or all activities under the Contract or purchase order, at any time, when in the best interests of the State to do so. The Customer shall provide the Contractor written notice outlining the particulars of suspension. Examples of the reason for suspension include, but are not limited to, budgetary constraints, declaration of emergency, or other such circumstances. After receiving a suspension notice, the Contractor shall comply with the notice and shall not accept any purchase orders. Within ninety days, or any longer period agreed to by the Contractor, the Customer shall either (1) issue a notice authorizing resumption of work, at which time activity shall resume, or (2) terminate the Contract or purchase order. Suspension of work shall not entitle the Contractor to any additional compensation.

**22. Termination for Convenience.** The Customer, by written notice to the Contractor, may terminate the Contract in whole or in part when the Customer determines in its sole discretion that it is in the State's interest to do so. The Contractor shall not furnish any product after it receives the notice of termination, except as necessary to complete the continued portion of the Contract, if any. The Contractor shall not be entitled to recover any cancellation charges or lost profits.

**23. Termination for Cause.** The Customer may terminate the Contract if the Contractor fails to (1) deliver the product within the time specified in the Contract or any extension, (2) maintain adequate progress, thus endangering performance of the Contract, (3) honor any term of the Contract, or (4) abide by any statutory, regulatory, or licensing requirement. Rule 60A-1.006(3), F.A.C., governs the procedure and consequences of default. The Contractor shall continue work on any work not terminated. Except for defaults of subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to perform the Contract arises from events completely beyond the control, and without the fault or negligence, of the Contractor. If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is completely beyond the control of both the Contractor and the subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform, unless the subcontracted products were obtainable from other sources in sufficient time for the Contractor to meet the required delivery schedule. If, after termination, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Customer. The rights and remedies of the Customer in this clause are in addition to any other rights and remedies provided by law or under the Contract.

**24. Force Majeure, Notice of Delay, and No Damages for Delay.**

The Contractor shall not be responsible for delay resulting from its failure to perform if neither the fault nor the negligence of the Contractor or its employees or agents contributed to the delay and the delay is due directly to acts of God, wars, acts of public enemies, strikes, fires, floods, or other similar cause wholly beyond the Contractor's control, or for any of the foregoing that affect subcontractors or suppliers if no alternate source of supply is available to the Contractor. In case of any delay the Contractor believes is excusable, the Contractor shall notify the Customer in writing of the delay or potential delay and describe the cause of the delay either (1) within ten (10) days after the cause that creates or will create the delay first arose, if the Contractor could reasonably foresee that a delay could occur as a result, or (2) if delay is not reasonably foreseeable, within five (5) days after the date the Contractor first had reason to believe that a delay could result. **THE FOREGOING SHALL CONSTITUTE THE CONTRACTOR'S SOLE REMEDY OR EXCUSE WITH RESPECT TO DELAY.**

Providing notice in strict accordance with this paragraph is a condition precedent to such remedy. No claim for damages, other than for an extension of time, shall be asserted against the Customer. The Contractor shall not be entitled to an increase in the Contract price or payment of any kind from the Customer for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency, arising because of delay, disruption, interference, or hindrance from any cause whatsoever. If performance is suspended or delayed, in whole or in part, due to any of the causes described in this paragraph, after the causes have ceased to exist the Contractor shall perform at no increased cost, unless the Customer determines, in its sole discretion, that the delay will significantly impair the value of the Contract to the State or to Customers, in which case the Customer may (1) accept allocated performance or deliveries from the Contractor, provided that the Contractor grants preferential treatment to Customers with respect to products subjected to allocation, or (2) purchase from other sources (without recourse to and by the Contractor for the related costs and expenses) to replace all or part of the products that are the subject of the delay, which purchases may be deducted from the Contract quantity, or (3) terminate the Contract in whole or in part.

**25. Changes.** The Customer may unilaterally require, by written order, changes altering, adding to, or deducting from the Contract specifications, provided that such changes are within the general scope of the Contract. The Customer may make an equitable adjustment in the Contract price or delivery date if the change affects the cost or time of performance. Such equitable adjustments require the written consent of the Contractor, which shall not be unreasonably withheld. If unusual quantity requirements arise, the Customer may solicit separate bids to satisfy them.

**26. Renewal.** Upon mutual agreement, the Customer and the Contractor may renew the Contract, in whole or in part, for a period that may not exceed 3 years or the term of the contract, whichever period is longer. Any renewal shall specify the renewal price, as set forth in the solicitation response. The renewal must be in writing and signed by both parties, and is contingent

upon satisfactory performance evaluations and subject to availability of funds.

**27. Purchase Order Duration.** Purchase orders issued pursuant to a state term or agency contract must be received by the Contractor no later than close of business on the last day of the contract's term to be considered timely. The Contractor is obliged to fill those orders in accordance with the contract's terms and conditions. Purchase orders received by the contractor after close of business on the last day of the state term or agency contract's term shall be considered void.

Purchase orders for a one-time delivery of commodities or performance of contractual services shall be valid through the performance by the Contractor, and all terms and conditions of the state term or agency contract shall apply to the single delivery/performance, and shall survive the termination of the Contract.

Contractors are required to accept purchase orders specifying delivery schedules exceeding the contracted schedule even when such extended delivery will occur after expiration of the state term or agency contract. For example, if a state term contract calls for delivery 30 days after receipt of order (ARO), and an order specifies delivery will occur both in excess of 30 days ARO and after expiration of the state term contract, the Contractor will accept the order. However, if the Contractor expressly and in writing notifies the ordering office within ten (10) calendar days of receipt of the purchase order that Contractor will not accept the extended delivery terms beyond the expiration of the state term contract, then the purchase order will either be amended in writing by the ordering entity within ten (10) calendar days of receipt of the contractor's notice to reflect the state term contract delivery schedule, or it shall be considered withdrawn.

The duration of purchase orders for recurring deliveries of commodities or performance of services shall not exceed the expiration of the state term or agency contract by more than twelve months. However, if an extended pricing plan offered in the state term or agency contract is selected by the ordering entity, the contract terms on pricing plans and renewals shall govern the maximum duration of purchase orders reflecting such pricing plans and renewals.

Timely purchase orders shall be valid through their specified term and performance by the Contractor, and all terms and conditions of the state term or agency contract shall apply to the recurring delivery/performance as provided herein, and shall survive the termination of the Contract.

Ordering offices shall not renew a purchase order issued pursuant to a state term or agency contract if the underlying contract expires prior to the effective date of the renewal.

**28. Advertising.** Subject to Chapter 119, Florida Statutes, the Contractor shall not publicly disseminate any information concerning the Contract without prior written approval from the Customer, including, but not limited to mentioning the Contract in a press release or other promotional material, identifying the Customer or the State as a reference, or otherwise linking the Contractor's name and either a description of the

Contract or the name of the State or the Customer in any material published, either in print or electronically, to any entity that is not a party to Contract, except potential or actual authorized distributors, dealers, resellers, or service representative.

**29. Assignment.** The Contractor shall not sell, assign or transfer any of its rights, duties or obligations under the Contract, or under any purchase order issued pursuant to the Contract, without the prior written consent of the Customer. In the event of any assignment, the Contractor remains secondarily liable for performance of the contract, unless the Customer expressly waives such secondary liability. The Customer may assign the Contract with prior written notice to Contractor of its intent to do so.

**30. Antitrust Assignment.** The Contractor and the State of Florida recognize that in actual economic practice, overcharges resulting from antitrust violations are in fact usually borne by the State of Florida. Therefore, the contractor hereby assigns to the State of Florida any and all claims for such overcharges as to goods, materials or services purchased in connection with the Contract.

**31. Dispute Resolution.** Any dispute concerning performance of the Contract shall be decided by the Customer's designated contract manager, who shall reduce the decision to writing and serve a copy on the Contractor. The decision shall be final and conclusive unless within twenty one (21) days from the date of receipt, the Contractor files with the Customer a petition for administrative hearing. The Customer's decision on the petition shall be final, subject to the Contractor's right to review pursuant to Chapter 120 of the Florida Statutes. Exhaustion of administrative remedies is an absolute condition precedent to the Contractor's ability to pursue any other form of dispute resolution; provided, however, that the parties may employ the alternative dispute resolution procedures outlined in Chapter 120.

Without limiting the foregoing, the exclusive venue of any legal or equitable action that arises out of or relates to the Contract shall be the appropriate state court in Leon County, Florida; in any such action, Florida law shall apply and the parties waive any right to jury trial.

**32. Employees, Subcontractors, and Agents.** All Contractor employees, subcontractors, or agents performing work under the Contract shall be properly trained technicians who meet or exceed any specified training qualifications. Upon request, Contractor shall furnish a copy of technical certification or other proof of qualification. All employees, subcontractors, or agents performing work under the Contract must comply with all security and administrative requirements of the Customer and shall comply with all controlling laws and regulations relevant to the services they are providing under the Contract. The State may conduct, and the Contractor shall cooperate in, a security background check or otherwise assess any employee, subcontractor, or agent furnished by the Contractor. The State may refuse access to, or require replacement of, any personnel for cause, including, but not limited to, technical or training qualifications, quality of work, change in security status, or non-compliance with a Customer's security or other requirements. Such approval shall not relieve the Contractor of its obligation

to perform all work in compliance with the Contract. The State may reject and bar from any facility for cause any of the Contractor's employees, subcontractors, or agents.

**33. Security and Confidentiality.** The Contractor shall comply fully with all security procedures of the United States, State of Florida and Customer in performance of the Contract. The Contractor shall not divulge to third parties any confidential information obtained by the Contractor or its agents, distributors, resellers, subcontractors, officers or employees in the course of performing Contract work, including, but not limited to, security procedures, business operations information, or commercial proprietary information in the possession of the State or Customer. The Contractor shall not be required to keep confidential information or material that is publicly available through no fault of the Contractor, material that the Contractor developed independently without relying on the State's or Customer's confidential information, or material that is otherwise obtainable under State law as a public record. To insure confidentiality, the Contractor shall take appropriate steps as to its personnel, agents, and subcontractors. The warranties of this paragraph shall survive the Contract.

**34. Contractor Employees, Subcontractors, and Other Agents.** The Customer and the State shall take all actions necessary to ensure that Contractor's employees, subcontractors and other agents are not employees of the State of Florida. Such actions include, but are not limited to, ensuring that Contractor's employees, subcontractors, and other agents receive benefits and necessary insurance (health, workers' compensations, and unemployment) from an employer other than the State of Florida.

**35. Insurance Requirements.** During the Contract term, the Contractor at its sole expense shall provide commercial insurance of such a type and with such terms and limits as may be reasonably associated with the Contract. Providing and maintaining adequate insurance coverage is a material obligation of the Contractor. Upon request, the Contractor shall provide certificate of insurance. The limits of coverage under each policy maintained by the Contractor shall not be interpreted as limiting the Contractor's liability and obligations under the Contract. All insurance policies shall be through insurers authorized or eligible to write policies in Florida.

**36. Warranty of Authority.** Each person signing the Contract warrants that he or she is duly authorized to do so and to bind the respective party to the Contract.

**37. Warranty of Ability to Perform.** The Contractor warrants that, to the best of its knowledge, there is no pending or threatened action, proceeding, or investigation, or any other legal or financial condition, that would in any way prohibit, restrain, or diminish the Contractor's ability to satisfy its Contract obligations. The Contractor warrants that neither it nor any affiliate is currently on the convicted vendor list maintained pursuant to section 287.133 of the Florida Statutes, or on any similar list maintained by any other state or the federal government. The Contractor shall immediately notify the Customer in writing if its ability to perform is compromised in any manner during the term of the Contract.

**38. Notices.** All notices required under the Contract shall be delivered by certified mail, return receipt requested, by reputable air courier service, or by personal delivery to the agency designee identified in the original solicitation, or as otherwise identified by the Customer. Notices to the Contractor shall be delivered to the person who signs the Contract. Either designated recipient may notify the other, in writing, if someone else is designated to receive notice.

**39. Leases and Installment Purchases.** Prior approval of the Chief Financial Officer (as defined in Section 17.001, F.S.) is required for State agencies to enter into or to extend any lease or installment-purchase agreement in excess of the Category Two amount established by section 287.017 of the Florida Statutes.

**40. Prison Rehabilitative Industries and Diversified Enterprises, Inc. (PRIDE).** Section 946.515(2), F.S. requires the following statement to be included in the solicitation: "It is expressly understood and agreed that any articles which are the subject of, or required to carry out, the Contract shall be purchased from the corporation identified under Chapter 946 of the Florida Statutes (PRIDE) in the same manner and under the same procedures set forth in section 946.515(2) and (4) of the Florida Statutes; and for purposes of the Contract the person, firm, or other business entity carrying out the provisions of the Contract shall be deemed to be substituted for the agency insofar as dealings with such corporation are concerned." Additional information about PRIDE and the products it offers is available at <http://www.pridefl.com>.

**41. Products Available from the Blind or Other Handicapped.** Section 413.036(3), F.S. requires the following statement to be included in the solicitation: "It is expressly understood and agreed that any articles that are the subject of, or required to carry out, this contract shall be purchased from a nonprofit agency for the Blind or for the Severely Handicapped that is qualified pursuant to Chapter 413, Florida Statutes, in the same manner and under the same procedures set forth in section 413.036(1) and (2), Florida Statutes; and for purposes of this contract the person, firm, or other business entity carrying out the provisions of this contract shall be deemed to be substituted for the State agency insofar as dealings with such qualified nonprofit agency are concerned." Additional information about the designated nonprofit agency and the products it offers is available at <http://www.respectofflorida.org>.

**42. Modification of Terms.** The Contract contains all the terms and conditions agreed upon by the parties, which terms and conditions shall govern all transactions between the Customer and the Contractor. The Contract may only be modified or amended upon mutual written agreement of the Customer and the Contractor. No oral agreements or representations shall be valid or binding upon the Customer or the Contractor. No alteration or modification of the Contract terms, including substitution of product, shall be valid or binding against the Customer. The Contractor may not unilaterally modify the terms of the Contract by affixing additional terms to product upon delivery (e.g., attachment or inclusion of standard preprinted forms, product literature, "shrink wrap" terms accompanying or affixed to a product, whether written or electronic) or by incorporating such terms onto the Contractor's order or fiscal forms or other documents

forwarded by the Contractor for payment. The Customer's acceptance of product or processing of documentation on forms furnished by the Contractor for approval or payment shall not constitute acceptance of the proposed modification to terms and conditions.

**43. Cooperative Purchasing.** Pursuant to their own governing laws, and subject to the agreement of the Contractor, other entities may be permitted to make purchases at the terms and conditions contained herein. Non-Customer purchases are independent of the agreement between Customer and Contractor, and Customer shall not be a party to any transaction between the Contractor and any other purchaser. State agencies wishing to make purchases from this agreement are required to follow the provisions of s. 287.042(16)(a), F.S. This statute requires the Department of Management Services to determine that the requestor's use of the contract is cost-effective and in the best interest of the State.

**44. Waiver.** The delay or failure by the Customer to exercise or enforce any of its rights under this Contract shall not constitute or be deemed a waiver of the Customer's right thereafter to enforce those rights, nor shall any single or partial exercise of any such right preclude any other or further exercise thereof or the exercise of any other right.

**45. Annual Appropriations.** The State's performance and obligation to pay under this contract are contingent upon an annual appropriation by the Legislature.

**46. Execution in Counterparts.** The Contract may be executed in counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

**47. Severability.** If a court deems any provision of the Contract void or unenforceable, that provision shall be enforced only to the extent that it is not in violation of law or is not otherwise unenforceable and all other provisions shall remain in full force and effect.

### C.7 Mandatory Requirements:

The State has established certain requirements with respect to responses submitted to competitive solicitations. The use of “shall”, “must”, or “will” (except to indicate futurity) in this ITN, indicates a requirement or condition from which a material deviation may not be waived by the State. A deviation is material if, in the State’s sole discretion, the deficient response is not in substantial accord with the ITN requirements, provides an advantage to one respondent over another, or has a potentially significant effect on the quality of the response or on the cost to the state. Material deviations cannot be waived. The words “should” or “may” in this ITN indicate desirable attributes or conditions, but are permissive in nature. Deviation from, or omission of, such desirable feature will not in itself cause rejection of a response.

### C.8 Restriction on Communications:

Respondents to this ITN or persons acting on their behalf may not contact, between the release of the ITN and the end of the seventy-two (72) hour period following the Agency posting the notice of intended award, excluding Saturdays, Sundays, and state holidays, any employee or officer of the executive or legislative branch concerning any aspect of this ITN, except in writing to the procurement officer or as provided in the ITN documents. Violation of this provision may be grounds for rejecting a response.

### C.9 Vendor Questions:

Note: This Special Instruction takes precedence over Attachment A, General Condition #5.

The Agency will receive all questions pertaining to this ITN no later than the date and time specified for written inquiries in Section C.6, Solicitation Timeline. All inquiries must be made in writing and if sent by email, questions should be submitted to [SMMC.QUESTIONS@ahca.myflorida.com](mailto:SMMC.QUESTIONS@ahca.myflorida.com). Questions may be sent by US Mail, email, fax or hand delivered. (Email is preferred and encouraged.) **No telephone inquiries will be accepted.** The Agency requests that prospective Vendors utilize Exhibit 1, Questions Template, when submitting a written inquiry.

The Agency reserves the right to consider questions received after the submission deadline on a case-by-case basis. If the Agency, in its sole discretion, determines that all prospective vendors would benefit from a response, an addendum to this ITN will be issued and posted to the Vendor Bid System.

The Agency's response to questions received for all Regions will be posted as specified in Section C.6, Solicitation Timeline, as an addendum to this ITN and may be grouped as to not repeat the same answer multiple times.

#### **C.10 Vendor's Conference**

To assure understanding, the Agency will hold **one (1) simultaneous, non-mandatory vendors' conference for all regions of the State**, on the date and time indicated in Section C.6, Solicitation Timeline. Although the vendor's conference is not mandatory, prospective vendors are strongly encouraged to participate. The purpose of this conference is to convey the Agency's concept of the services requested under this solicitation and to answer appropriate legal, administrative, and/or technical questions. The Agency will provide answers to written questions received in accordance with Section C.9, Vendor Questions, during the conference, and will also accept oral questions. The Agency will make a reasonable effort to provide answers to oral questions at that time. However, oral answers and discussions are not binding on the Agency. Only those communications, which are in writing from the Agency, may be considered as duly authorized expressions on behalf of the State.

The Agency has determined it will be more efficient to hold one (1) simultaneous, non-mandatory vendors' conference to address questions received from all regions of the State. It is the Agency's intent to provide a formal response to each written question received by the Agency, when the Agency posts its formal response to questions; however in the interest of time, the Agency may group questions according to likeness and provide overall oral responses to like inquiries during the Vendor Conference.

Due to space limitations, it is requested that prospective vendors send no more than two (2) representatives. For those prospective vendors that are not able to physically attend the vendor's conference, a conference call telephone number is being provided.

The conference call dial-in number is **(888) 670-3525**. To participate in the call, dial the dial-in number. When prompted, enter conference code **2611948606**, followed by the # key.

#### **C.11 Public Opening of Responses:**

Responses shall be opened on the date and at the location indicated in the Section C.6, Solicitation Timeline. Respondents may, but are not required to, attend. The Agency will only announce the respondent(s) name at the public opening. Pursuant to s. 119.071(1)(b), Florida Statute, no other materials will be released. Any person requiring a special accommodation because of a disability should contact the Issuing Officer at least five (5) workdays prior to the solicitation opening. If you are hearing or speech impaired, please contact the Agency by using the Florida Relay Service at (800) 955-8771 (TDD).

To meet the requirements of s. 409.966(3)(a)(8), F.S., and as outlined in Section C.47, Provider Comments, the Agency will publish a list of respondents to this ITN within two (2) business days of the opening.

### **C.12 Solicitation Addenda:**

If the Agency finds it necessary to supplement, modify, or interpret any portion of the ITN during the solicitation period, a written addendum will be posted on the VBS as addenda to this ITN. **It is the prospective vendor's responsibility to check VBS periodically for any information or updates to this ITN. The Agency bears no responsibility for any resulting impacts associated with a prospective vendor's failure to obtain the information made available through the VBS.**

### **C.13 Cost of Response Preparation:**

The costs related to the development and submission of a response to this ITN is the full responsibility of the respondent and is not chargeable to the Agency.

### **C.14 Independent Preparation of Response:**

A respondent shall not, directly or indirectly, collude, consult, communicate or agree with any other respondent as to any matter related to the response each is submitting. Additionally, a respondent shall not induce any other respondent to submit or not to submit a response.

### **C.15 Required Certifications:**

The following certifications, contained in Attachment G, Required Certifications, are required and must be submitted with the response.

**FAILURE TO SUBMIT ATTACHMENT G, REQUIRED CERTIFICATIONS, SIGNED BY AN AUTHORIZED OFFICIAL WITHOUT EXPLANATION(S) OR CAVEAT(S), WILL RESULT IN THE REJECTION OF A PROSPECTIVE VENDOR'S RESPONSE.**

**ATTACHMENT G, REQUIRED CERTIFICATIONS, IS AVAILABLE FOR RESPONDENTS TO DOWNLOAD AT: <http://devahca/Procurements/index.shtml>**

**C.16 Proposal Guarantee:**

The original response must be accompanied by a proposal guarantee payable to the State of Florida in the amount of **\$1,078,652.00**; the respondent must be the guarantor. If responding as a joint venture/legal partnership, at least one party of the joint venture/legal partnership shall be the guarantor.

The form of the proposal guarantee shall be a bond, cashier's check, treasurer's check, bank draft, or certified check. The Agency **will not** accept a letter of credit in lieu of the proposal guarantee.

All proposal guarantees will be returned upon execution of the legal contract with the successful vendor(s). If the successful vendor fails to execute a Contract within ten (10) consecutive calendar days after a Contract has been presented to the successful vendor for signature, the proposal guarantee shall be forfeited to the State. The proposal guarantee from the successful vendor will be returned only after the Agency has received the performance bond required under this ITN.

The "proposal guarantee" is a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying the proposal as assurance that the respondent shall, upon the Agency's acceptance of his or her proposal, execute such contractual documents as may be required within the time specified.

**FAILURE TO INCLUDE THE PROPOSAL GUARANTEE WITH THE SUBMISSION OF THE ORIGINAL RESPONSE WILL RESULT IN THE REJECTION OF A PROSPECTIVE VENDOR'S RESPONSE.**

**C.17 Prohibition of Gratuities:**

By submission of a response, a respondent certifies that no elected official or employee of the State of Florida has or shall benefit financially or materially from such response or subsequent contract in violation of the provisions of Chapter 112, Florida Statutes. Any Contract issued as a result of this ITN may be terminated if it is determined that gratuities of any kind were either offered or received by any of the aforementioned parties.

**C.18 Type of Contract Contemplated:**

The Contract resulting from this ITN will be a fixed price (unit cost) Contract. The Vendor will be paid by the Agency's Fiscal Agent pursuant to Attachment D-I, Scope of Services, Section D, Method of Payment and Exhibit 3, Rates and Attachment D-II, Core Contract Provisions, Section XIII, Method of Payment, Exhibit 13.

The Vendor is subject to any changes in federal and state law, rules or regulations and federal Centers for Medicare and Medicaid Services waivers applicable to the Contract resulting from this ITN and shall implement such changes in accordance with the required effective dates upon notice from the Agency without waiting for an amendment to the resulting Contract. However, an amendment to the Contract will be processed to incorporate the changes.

The Agency reserves the right to amend the resulting Contract within the scope set forth in the procurement (to include original contract and all attachments) in order to clarify requirements or if it is determined by the Agency that modifications are necessary to better serve or provide covered services to the eligible population.

The Agency shall adjust capitation rates to reflect budgetary changes in the Medicaid program. The rate of payment and total dollar amount may be adjusted with a properly executed amendment when Medicaid expenditure changes have been established through the appropriations process and subsequently identified in the Agency's operating budget. Legislatively-mandated changes shall take effect on the dates specified in the legislation.

A copy of the proposed standard contract containing all requirements is included as Attachment H, Standard Contract. The prospective vendor should closely review the requirements contained in the proposed standard contract. Modifications proposed by the prospective vendor may not be considered. This ITN, including all its addenda, the Agency's written response to written inquiries, and the successful vendor's response to all awarded regions shall be incorporated by reference in the final contract document.

#### **C.19 Number of Awards:**

In accordance with s. 409.981, F.S., the Agency anticipates the issuance of five (5) contracts as a result of this ITN, unless an additional regional contract is awarded to a vendor (or vendors) whose response was accepted in Region 1 or Region 2 (see next paragraph). Given this exception, the number of plans awarded in the region of the additional award(s) would be the number for contract indicated in Table 1 below, plus the additional award(s), if applicable. In no instance will the number of awards for Region 11 exceed the statutory maximum of ten (10) plans for this Region. The Agency, at its sole discretion, shall make this determination. The successful vendor(s) for each contract shall be required to provide services as identified in this ITN to all eligible Medicaid recipients in Region 11, as described in this solicitation.

Pursuant to Section 409.966(3)(e), Florida Statutes, the Agency shall award one (1) additional contract to each Vendor who is responding in Region 1 and/or Region 2 and receives a contract award in those regions, respectively. The Agency shall award the one (1) additional contract in any other region in which the Vendor submitted a responsive reply and negotiates a rate acceptable to the Agency. That additional contract / region shall be awarded to the Vendor's top choice, in the Vendor's specified order of preference as listed in Region 1 or Region 2 - Regional Preference Hierarchy, which meets the preceding criteria. If the Vendor has already been chosen through the negotiation process in its top choice as listed in Region 1 or Region 2 - Regional Preference Hierarchy, then it will be awarded its next choice provided it meets the terms above.

At least one (1) award in each region will be to a long-term care provider service network provided a long-term care provider service network submits a responsive reply and negotiates a rate acceptable to the Agency. However, in no instance will the number of awards for Region 11, exceed the statutory maximum of ten (10) plans for this Region.

If a vendor is awarded a contract for multiple regions, the Agency reserves the right to issue one (1) contract to include all awarded regions per vendor.

**C.20 Enrollment:**

- 1) **TRANSITION POPULATION** - During the initial roll-out of the LTC component of the SMMC program, recipients currently enrolled in a Nursing Home Diversion plan who do not choose a managed care plan within the recipient choice timeframes indicated on the recipient notification letter will be automatically assigned to their existing plan, if that Medicaid Managed Care Plan has been awarded a LTC Managed Care Plan contract in the region and meets plan readiness deadlines as specified in Item 2) below.
- 2) **REGIONAL ROLL-OUT SCHEDULE** – The Agency anticipates rolling-out the LTC component of the SMMC program on a regional basis in accordance with the following schedule:

<b>TABLE 1 – ANTICIPATED REGIONAL ROLL-OUT SCHEDULE</b>			
<b>Region</b>	<b>Plan Readiness Documentation Submission Deadline</b>	<b>Plan Readiness Deadline</b>	<b>Enrollment Effective Date</b>
7	January 23, 2013	May 1, 2013	August 1, 2013
8 & 9	February 6, 2013	June 1, 2013	September 1, 2013
1, 2, & 10	February 20, 2013	August 1, 2013	November 1, 2013
11	March 6, 2013	September 1, 2013	December 1, 2013
5 & 6	March 20, 2013	November 1, 2013	February 1, 2014
3 & 4	April 3, 2013	December 1, 2013	March 1, 2014

**The above schedule is subject to change and provided for planning purposes only.**

The Agency does not guarantee that the Managed Care Plan will receive any particular enrollment level.

Prior to enrolling recipients in a Managed Care Plan in each region in which the Managed Care Plan receives a resulting Contract, the Agency will conduct a plan-specific readiness review to assess the Managed Care Plan’s readiness and ability to provide services to recipients. The plan readiness review may include, but is not limited to, desk and onsite review of policies and procedures by the Managed Care Plan, and corresponding documents provided by the Managed Care Plan, the Managed Care Plan’s provider network and corresponding contracts, a walk-through of the Managed Care Plan’s operations, system demonstrations, and interviews with Managed Care Plan staff, as outlined in Exhibit 5, Managed Care Plan Readiness Requirements. The scope of the plan

readiness review may include any and all Contract requirements, as determined by the Agency. The Agency will not enroll recipients into a Managed Care Plan until the Agency has determined that the Managed Care Plan meets all Contract requirements.

If a Managed Care Plan does not meet the plan readiness review deadlines for their respective region, as indicated above, the Agency will grant an extension for the Managed Care Plan to correct deficiencies; however, the Managed Care Plan will lose the initial enrollment of eligible recipients into their respective region and will lose their transition population, if applicable. After an extension is granted by the Agency, the Managed Care Plan will have until the penultimate Saturday before the respective region's enrollment effective date, as indicated above in Table 1 – Anticipated Regional Roll-Out Schedule, to be deemed ready for recipient enrollment. If a Managed Care Plan is not deemed ready for recipient enrollment by the Agency by the penultimate Saturday before the respective region enrollment effective date, the contract between the Managed Care Plan and the Agency will be terminated.

If a Managed Care Plan received an additional contract award pursuant to s. 409.966(3)(e), F.S., and fails to meet plan readiness review criteria in Region 1 or Region 2 by the deadlines as indicated above in Table 1 – Anticipated Regional Roll-Out Schedule, and subsequent paragraphs, the Agency shall terminate the additional awarded region(s) contract(s) immediately if recipients have not been enrolled into the additional region or one-hundred eighty (180) days after the respective Region 1 and/or 2 termination if recipients are already enrolled in the additional awarded region(s).

- 3) **ENROLLMENT LEVELS** - Managed Care Plans shall contract with and maintain a provider network, as specified by the resulting Contract, sufficient to meet the recipient enrollment levels, by region, as indicated in Table 2, Enrollment Levels, below. Managed Care Plans may request higher maximum enrollment levels during the Plan Readiness review, if desired, but all Managed Care Plans must be able to serve the number of recipients listed below, at a minimum. The Agency used the following formula to determine the required enrollment levels:

Enrollment Level = (100% total eligible population / minimum statutorily required plans) x 2

<b>TABLE 2 – ENROLLMENT LEVELS</b>	
Region	Enrollment Levels
11	6,903

The above enrollment levels are subject to change and, once contracted, the Agency may update on an annual or more frequent basis based on fluctuations in the total eligible population for LTC managed care enrollment.

The Agency does not guarantee that the Managed Care Plan will receive any particular enrollment level; however, the maximum enrollment level indicated in Attachment D-I, Scope of Services, Exhibit 1, Maximum Enrollment Levels, may not be exceeded unless a plan-specific enrollment level increase has been approved by the Agency.

**C.21 Term of Contract:**

Contract Term - The anticipated term of the resulting Contract is approximately five (5) years beginning August 1, 2013, and ending August 31, 2018.

Contract Year - Each September 1 through August 31 within the Contract term; however, for contracts beginning August 1, 2013, the first Contract year shall be defined as August 1, 2013, through August 31, 2014.

Contract Execution - The date the resulting Contract is signed by the Agency Secretary, or designee.

Pursuant to 409.967(1), F.S., a Contract may not be renewed; however, the Agency may extend the resulting contract(s) term to cover any delays during the transition to a new eligible Vendor.

## **C.22 Contract Termination:**

In addition to the contract termination terms and conditions outlined in Attachment H, Standard Contract, Section III, Item A., Termination, the Agency will terminate a resulting Contract for the reasons outlined in Attachment D-II, Core Contract Provisions, Section XVI, Terms and Conditions, Item P., Termination Procedures.

## **C.23 Subcontracting:**

The successful vendor shall not subcontract, assign, or transfer any work identified under this ITN or the resulting Contract, with the exception of those subcontractors identified in the prospective vendor's response, without prior written consent of the Agency.

The vendor is responsible for all work performed under the Contract resulting from this ITN. No subcontract that the vendor enters into with respect to performance under the resulting Contract shall in any way relieve the vendor of any responsibility for performance of its duties. The successful vendor shall assure that all tasks related to the subcontract are performed in accordance with the terms of the resulting Contract.

The Agency supports diversity in its Procurement Program and requests that all subcontracting opportunities afforded by this ITN enthusiastically embrace diversity. The award of subcontracts should reflect the full diversity of the citizens of the State of Florida. Prospective vendors can contact the Office of Supplier Diversity at (850) 487-0915 for information on minority vendors who may be considered for subcontracting opportunities.

## **C.24 Performance Bond:**

A performance bond in the amount of \$1,000,000.00 shall be furnished to the Agency for each region in which the vendor is awarded a contract. If the vendor is awarded a contract in more than one (1) region, the vendor shall furnish a single bond for the total amount (e.g., if the vendor is awarded a contract in two (2) regions, the vendor shall submit one (1) bond for \$2,000,000.00). The bond will be furnished to the Issuing Officer identified in Section C.5 within thirty (30) calendar days after execution of the resulting contract and prior to commencement of any work under the contract.

No payments will be made to the successful vendor until the performance bond is in place and approved by the Agency in writing. The performance bond shall remain in effect for the full term of the resulting contract, including any extension. The Agency shall be named as the beneficiary of the successful vendor's bond. The bond shall provide that the insurer or bonding company(s) shall pay losses suffered by the Agency due to termination directly to the Agency.

The cost of the performance bond will be borne by the successful vendor.

Should the successful vendor terminate the resulting contract prior to the end of the contract period or be terminated by the Agency (with cause), an assessment against the bond will be made by the Agency to cover the costs of issuing a new solicitation and selecting a new vendor. The vendor agrees that the Agency's damages in the event of termination by the vendor or the Agency shall be considered to be for the full amount of the bond allocated to the region for which the contract was terminated. The Agency need not prove the damage amount in exercising its right of recourse against the bond.

**C.25 Fidelity Bond:**

The Vendor shall secure and maintain during the life of the resulting Contract and any Contract extension(s), a blanket fidelity bond from a company doing business in the State of Florida on all personnel in its employment. The bond shall be issued in the amount of at least \$250,000 per occurrence. Said bond shall protect the Agency from any losses sustained through any fraudulent or dishonest act or acts committed by any employees of the Vendor and subcontractors, if any. Proof of coverage shall be submitted to the Agency's Issuing Officer within sixty (60) calendar days after execution of the Contract and prior to the delivery of health care. To be acceptable to the Agency for fidelity bonds, a surety company shall comply with the provisions of Chapter 624, F.S.

**C.26 Venue:**

The Contract resulting from this ITN shall be delivered in the State of Florida and shall be construed in accordance with the laws of Florida. Wherever possible, each provision of the resulting Contract shall be interpreted in such a manner as to be effective and valid under applicable law, but if any provision shall be found ineffective, then to the extent of such prohibition or invalidity, that provision shall be severed without invalidating the remainder of such provision or the remaining provisions of the resulting Contract. Any action hereon or in connection herewith shall be brought in Leon County, Florida.

**C.27 Inspection of Records and Work Performed:**

The State and its authorized representatives shall, at all reasonable times, have the right to enter the successful vendor's premises, or other places where duties under the resulting Contract are performed. All inspections and evaluations shall be performed in such a manner as not to unduly delay work.

The successful vendor shall retain all financial records, supporting documents, statistical records, and any other documents (including electronic storage media) pertinent to performance under the resulting Contract for a period of six (6) years after termination of the resulting Contract, or if an audit has been initiated and audit findings have not been resolved at the end of six (6) years, the records shall be retained until resolution of the audit findings.

Refusal by the successful vendor to allow access to all records, documents, papers, letters, other materials or on-site activities related to resulting Contract performance shall constitute a breach of the resulting Contract. The right of the state and its authorized representatives to perform inspections shall continue for as long as the successful vendor is required to maintain records. The successful vendor will be responsible for all storage fees associated with the medical records maintained under the resulting Contract. The successful vendor is also responsible for the shredding of medical records that meet the retention schedule noted above.

Failure to retain records as required may result in cancellation of the resulting Contract. The Agency shall give the successful vendor advance notice of cancellation pursuant to this provision and shall pay the successful vendor only those amounts that are earned prior to the date of cancellation in accordance with the terms and conditions of the resulting Contract. Performance by the Agency of any of its obligations under a contract awarded pursuant to this ITN shall be subject to the successful vendor's compliance with this provision.

**C.28 Accounting:**

The successful vendor shall maintain an accounting system and employ accounting procedures and practices that conform to generally accepted accounting principles and standards and comport with financial requirements delineated within 69O-137.002(5), Florida Administrative Code. All charges applicable to the resulting Contract shall be readily ascertainable from such records. The successful vendor is required to submit annual financial audits to the Agency within thirty (30) calendar days of receipt.

**C.29 Confidentiality of Beneficiary Information:**

All personally identifiable beneficiary information obtained by the successful vendor shall be treated as privileged and confidential information and shall be used only as authorized for purposes directly related to the administration of the resulting Contract. The successful vendor must have a process that specifies that patient-specific information remains confidential, is used solely for the purposes of data analysis and other vendor responsibilities under the Contract resulting from this ITN, and is exchanged only for the purpose of conducting a review or other duties outlined in the resulting Contract.

Any patient-specific information received by the successful vendor can be shared only with those agencies that have legal authority to receive such information and cannot be otherwise transmitted for any purpose other than those for which the successful vendor is retained by the Agency. The successful vendor must have in place written confidentiality policies and procedures to ensure confidentiality and to comply with all federal and state laws (including the Health Insurance Portability and Accountability Act [HIPAA]) of 1996 governing confidentiality, including electronic treatment records, facsimile mail, and electronic mail).

The successful vendor's subcontracts must explicitly state expectations about the confidentiality of information, and the subcontractor is held to the same confidentiality requirements as the successful vendor. If provider-specific data are released to the public, the successful vendor shall have policies and procedures for exercising due care in compiling and releasing such data that address statutory protections of quality assurance and confidentiality while assuring that open records requirements of Chapter 119, Florida Statutes, are met.

Any releases of information to the media, the public, or other entities require prior approval from the Agency.

**C.30 Audits/Monitoring:**

The Agency may conduct, or have conducted, performance and/or compliance reviews, reviews of specific records or other data as determined by the Agency. The Agency may conduct a review of a sample of analyses performed by the successful vendor to verify the quality of the successful vendor's analyses. Reasonable notice shall be provided for reviews conducted at the successful vendor's place of business; however, Medicaid Program Integrity reviews predicated upon complaint or discovery of alleged fraud or abuse are exempt from the requirement of prior notice.

Reviews may include, but shall not be limited to, reviews of procedures, computer systems, beneficiary records, accounting records, and internal quality control reviews. The successful vendor shall work with any reviewing entity selected by the state.

During the resulting Contract period, these records shall be available at the successful vendor's office at all reasonable times. After the resulting Contract period and for six (6) years following, the records shall be available at the successful vendor's chosen location subject to the approval of the Agency. If the records need to be sent to the Agency, the successful vendor shall bear the expense of delivery. Prior approval of the disposition of the successful vendor and subcontractor records must be requested and approved by the Agency if the resulting Contract or subcontract is continuous.

The successful vendor shall comply with 45 CFR, Part 74, with respect to audit requirements of federal contracts administered through state and local public agencies. In these instances, audit responsibilities have been delegated to the State and are subject to the on-going audit requirements of the State of Florida and of the Agency.

**C.31 EEO Compliance:**

A successful vendor awarded a Contract pursuant to this ITN shall not discriminate in its employment practices with respect to race, color, religion, age, sex, marital status, political affiliation, national origin, or handicap except as provided by law.

**C.32 Lobbying Disclosure:**

The successful vendor shall comply with applicable federal requirements for the disclosure of information regarding lobbying activities of the successful vendor, subcontractors or any authorized agent. Certification forms shall be filed by the successful vendor and all subcontractors, certifying that no federal funds have been or shall be used in federal lobbying activities, and the disclosure forms shall be used by the successful vendor and all subcontractors to disclose lobbying activities in connection with the Medicaid program that have been or shall be paid with non-federal funds.

The successful vendor shall comply with the provisions of Section 216.347, Florida Statutes, which prohibits the expenditure of Contract funds for the purpose of lobbying the Legislature or a state agency.

**C.33 Certification Regarding Debarment and Suspension:**

If the Contract to be awarded as a result of this ITN is funded in part by federal funds that exceed the \$25,000 requirement, the successful vendor shall be required to sign a Certificate Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion as part of the contracting process.

**C.34 HIPAA Compliance:**

The successful vendor must ensure it meets all federal regulations regarding standards for privacy and individually identifiable health information as identified in the Health Insurance Portability and Accountability Act (HIPAA) of 1996.

### **C.35 Applicable Laws and Regulations:**

The successful vendor agrees to comply with all applicable federal and state laws and regulations, including but not limited to:

Title 42 Code of Federal Regulations (CFR) Chapter IV, Subchapter C; Title 45 CFR, Part 74, General Grants Administration Requirements; Chapter 409, Florida Statutes; all applicable standards, orders or regulations issued pursuant to the Clean Air Act of 1970 as amended (42 USC 1857, et seq.); Title VI of the Civil Rights Act of 1964 (42 USC 2000d) in regard to persons served; 42 CFR 431, Subpart F; Section 504 of the Rehabilitation Act of 1973, as amended; 29 USC 794, which prohibits discrimination on the basis of handicap in programs and activities receiving or benefiting from federal financial assistance; the Age Discrimination Act of 1975, as amended; 42 USC 6101 et. seq., which prohibits discrimination on the basis of age in programs or activities receiving or benefiting from federal financial assistance; the Omnibus Budget Reconciliation Act of 1981, P.L. 97-35, which prohibits discrimination on the basis of sex and religion in programs and activities receiving or benefiting from federal financial assistance; the Medicare-Medicaid Fraud and Abuse Act of 1978; other federal omnibus budget reconciliation acts; Americans with Disabilities Act (42 USC 12101, et. seq.); and the Balanced Budget Act of 1997. The resulting Contract may be subject to changes in federal and state law, rules or regulations.

### **C.36 Patents, Royalties, Copyrights, Right to Data and Sponsorship Statement:**

The successful vendor, without exception, shall indemnify and hold harmless the Agency and its employees from liability of any nature or kind, including cost and expenses for or on account of any copyrighted, patented, or unattended invention, process, or article manufactured or supplied by the successful vendor. The successful vendor has no liability when such claim is solely and exclusively due to the combination, operation or use of any article supplied hereunder with equipment or data not supplied by the successful vendor or is based solely and exclusively upon the Agency's alteration of the article.

The Agency shall provide prompt written notification of a claim of copyright or patent infringement and shall afford the successful vendor full opportunity to defend the action and control the defense. Further, if such a claim is made or is pending, the successful vendor may, at its option and expense procure for the Agency the right to continue the use of, replace or modify the article to render it non-infringing (if none of the alternatives are reasonably available, the Agency agrees to return the article on request to the successful vendor and receive reimbursement, if any, as may be determined by a court of competent jurisdiction).

If the successful vendor brings to the performance of the resulting Contract a pre-existing patent or copyright, the successful vendor shall retain all rights and entitlements to that pre-existing patent or copyright, unless this ITN and the resulting Contract provide otherwise.

If the successful vendor uses any design, device, or materials covered by letter, patent, or copyright, it is mutually agreed and understood without exception that the proposed prices shall include all royalties or cost arising from the use of such design, device, or materials in any way involved in the work. Prior to the initiation of services under the resulting Contract, the successful vendor shall disclose, in writing, all intellectual properties relevant to the performance of the resulting Contract which the successful vendor knows, or should know, could give rise to a patent or copyright. The successful vendor shall retain all rights and entitlements to any pre-existing intellectual property which is so disclosed. Failure to disclose will indicate that no such property exists. The Agency shall then have the right to all patents

and copyrights which arise as a result of performance under the resulting Contract as provided in this section.

If any discovery or invention arises or is developed in the course of, or as a result of, work or services performed under the resulting Contract, or in any way connected herewith, the successful vendor shall refer the discovery or invention to the Agency for a determination whether patent protection will be sought in the name of the State of Florida. Any and all patent rights accruing under or in connection with the performance of the resulting Contract are hereby reserved to the State of Florida. All materials to which the Agency is to have patent rights or copyrights shall be marked and dated by the successful vendor in such a manner as to preserve and protect the legal rights of the Agency.

Where activities supported by the Contract resulting from this ITN produce original writing, sound recordings, pictorial reproductions, drawings or other graphic representation and works of any similar nature, the Agency has the right to use, duplicate and disclose such materials in whole or in part, in any manner, for any purpose whatsoever and to have others acting on behalf of the Agency to do so. If the materials so developed are subject to copyright, trademark, or patent, legal title and every right, interest, claim, or demand of any kind in and to any patent, trademark or copyright, or application for the same, shall vest in the State of Florida, Department of State for the exclusive use and benefit of the state. Pursuant to Section 286.021, Florida Statutes, no person, firm, corporation, including parties to the resulting Contract shall be entitled to use the copyright, patent, or trademark without the prior written consent of the Florida Department of State.

The Agency shall have unlimited rights to use, disclose, or duplicate, for any purpose whatsoever, all information and data developed, derived, documented, or furnished by the successful vendor under any Contract resulting from this ITN.

Pursuant to Section 286.25, Florida Statutes, all non-governmental vendors must assure that all notices, information pamphlets, press releases, advertisements, descriptions of the sponsorship of the program, research reports, and similar public notices prepared and released by the successful vendor shall include the statement: "Sponsored by (name of successful vendor) and the State of Florida, Agency for Health Care Administration." If the sponsorship reference is in written material, the words, "State of Florida, Agency for Health Care Administration" shall appear in the same size letters or type as the name of the organization.

All rights and title to works for hire under the resulting Contract, whether patentable or copyrightable or not, shall belong to the Agency and shall be subject to the terms and conditions of this ITN and the resulting Contract.

The computer programs, materials and other information furnished by the Agency to the successful vendor hereunder shall be and remain the sole and exclusive property of the Agency, free from any claim or right of retention by or on behalf of the successful vendor. The services and products listed in this ITN and the resulting Contract shall become the property of the Agency upon the successful vendor's performance and delivery thereof. The successful vendor hereby acknowledges that said computer programs, materials and other information provided by the Agency to the successful vendor hereunder, together with the products delivered and services performed by the successful vendor hereunder, shall be and remain confidential and proprietary in nature to the extent provided by Chapter 119, Florida Statutes, and that the successful vendor shall not disclose, publish or use same for any purpose other than the purposes provided in this ITN and the resulting Contract; however, upon the successful vendor first demonstrating to the Agency's satisfaction that such information, in part or in whole, (1) was already known to the successful vendor prior to its receipt from the

Agency; (2) became known to the successful vendor from a source other than the Agency; or (3) has been disclosed by the Agency to third parties without restriction, the successful vendor shall be free to use and disclose same without restriction. Upon completion of the successful vendor's performance or otherwise cancellation or termination of the resulting Contract, the successful vendor shall surrender and deliver to the Agency, freely and voluntarily, all of the above-described information remaining in the successful vendor's possession.

The successful vendor warrants that all materials produced hereunder will be of original development by the successful vendor and will be specifically developed for the fulfillment of this ITN and the resulting Contract and will not knowingly infringe upon or violate any patent, copyright, trade secret or other property right of any third party, and the successful vendor shall indemnify and hold the Agency harmless from and against any loss, cost, liability or expense arising out of any breach or claimed breach of this warranty.

The terms and conditions specified in this section shall also apply to any subcontract made under the resulting Contract. The successful vendor shall be responsible for informing the subcontractor of the provisions of this section and obtaining disclosures.

**C.37 Work Authorization Program:**

The Immigration Reform and Control Act of 1986 prohibits employers from knowingly hiring illegal workers. The successful vendor shall only employ individuals who may legally work in the United States – either U.S. citizens or foreign citizens who are authorized to work in the U.S. The successful vendor shall use the U.S. Department of Homeland Security's E-Verify Employment Eligibility Verification system, <https://e-verify.uscis.gov/emp>, to verify the employment eligibility of all new employees hired by the successful vendor during the term of the Contract resulting from this ITN and shall also include a requirement in its subcontracts that the subcontractor utilize the E-Verify system to verify the employment eligibility of all new employees hired by the subcontractor performing work or providing services pursuant to the Contract resulting from this ITN.

**C.38 Scrutinized Companies List:**

#### **C.45 General Instructions for Response Preparation and Submission:**

Electronic submissions via MyFloridaMarketPlace are not required and will not be accepted for this ITN. This special instruction takes precedence over Attachment A, General Instruction #3.

The instructions for this ITN have been designed to help ensure that all responses are reviewed and evaluated in a consistent manner, as well as to minimize costs and response time. Information submitted in variance with these instructions may not be reviewed or evaluated.

An original and seventeen (17) duplicate paper copies, in a sealed package, must be submitted to the Issuing Officer identified in Section C.5 no later than the time indicated in Section C.6, Solicitation Timeline, for receipt of responses. The original sealed response shall be marked as the "original" and contain the transmittal letter that bears the original signature of the binding authority. **The box that contains the "original" response shall be marked "Contains Original" and shall contain all marked originals.** Responses may be submitted via U.S. Mail, Courier, or hand delivery. Responses sent by fax or email will not be accepted. Responses received after the date and time specified in Section C.6, Solicitation Timeline, will not be considered and will be returned to the prospective vendor unopened.

**Responses shall be submitted utilizing the Agency developed response submission tool, attached hereto as Attachment E-1, Submission Requirements and Evaluation Criteria Components. Attachment E-1 and related Exhibits are available for respondents to download at: <http://devahca/Procurements/index.shtml>.**

A "Submission Requirements and Evaluation Criteria Components" (SRC) outlined in Attachment E-1, Submission Requirements and Evaluation Criteria Components, marked as "Core" must be identical for each Region in which the respondent submitted a reply. **For timeliness of response evaluation, the Agency will evaluate each "Core" SRC once and transfer the score to each applicable Region's evaluation score sheet(s).** The SRC marked as "Regional" will be specific to each region and only apply to the Region identified in the ITN. The evaluation score will not be transferred to each Region's score sheet(s).

Response instructions for narrative and inclusion of attachments are outlined in Attachment E-1. Responses shall be single sided, typed in Arial 11 pt. font. Hard copy responses should be bound individually and submitted in three ring binders or secured in a similar fashion to contain pages that turn easily for review. Responses may not exceed two (2) binders in length. All pages must be numbered, identify the ITN number, and include the respondent's name.

The respondent must also submit an equal number of electronic copies of the response. The electronic format shall be submitted on CD-ROM. The software used to produce the electronic files must be Microsoft Word 97 and/or Excel 97 or greater. These electronic files must be logically named and easily mapped to the hard copy submittal. The electronic media must be clearly labeled in the same manner as the hard copies.

All submittals received by the date and time specified in Section C.6, Solicitation Timeline, become the property of the State of Florida and shall be a matter of record subject to the provisions of Chapter 119, Florida Statutes. The State of Florida shall have the right to use all ideas, or adaptations of the ideas, contained in any reply received in response to this ITN. Selection or rejection of the response shall not affect this right.

Any portion of the submitted response which is asserted to be exempt from disclosure under Chapter 119, Florida Statutes, shall be set forth on a page or pages separate from the rest of the submission. Each page of the portion(s) asserted to be exempt shall be clearly marked "exempt", "confidential", or "trade secret" (as applicable) and shall also contain the statutory basis for such claim on every page. Pages containing trade secrets shall be marked "trade secret as defined in Section 812.081, Florida Statutes". Failure to segregate and identify such portions shall constitute a waiver of any claimed exemption and the Agency will provide such records in response to public records requests without notifying the respondent. Designating material simply as "proprietary" will not necessarily protect it from disclosure under Chapter 119, Florida Statutes.

All information included in the response (including, without limitation, technical and cost information) and any resulting Contract that incorporates the successful response (fully, in part, or by reference) shall be a matter of public record regardless of copyright status. Submission of a response to this ITN shall constitute a waiver of any copyright protection which might otherwise apply to the production, disclosure, inspection and copying of such documentation.

The respondent shall also submit both a hard and an electronic redacted copy of the response suitable for release to the public in addition to the original and seventeen (17) copies. Any confidential or trade secret information covered under Section 812.081, Florida Statutes, should be either redacted or completely removed. The redacted response shall be marked as

the "redacted" copy and contain a transmittal letter authorizing release of the redacted version of the response in the event the Agency receives a public records request.

**RESPONDENTS MAY NOT MARK THEIR ENTIRE RESPONSE AS TRADE SECRET. ANY RESPONSE SO MARKED WILL BE REJECTED.**

The financial information Items 1-5 as requested above shall be labeled and tabbed separately.

**FAILURE TO SUBMIT FINANCIAL INFORMATION AS REQUIRED WILL RESULT IN REJECTION OF THE RESPONSE.**

**C. Past Performance - Client References (Must be provided on pages provided in Attachment F.)**

In the space provided on Attachment F, the respondent must list all names under which it has operated during the last five (5) years. Also, in the spaces provided on Attachment F, the respondent (not intended subcontractors) must provide the information indicated for a maximum of three (3) separate **Non-AHCA/Department of Elder Affairs (DOEA)** clients. The clients listed must be for work similar in nature to that specified in this ITN. The same client may not be listed for more than one (1) reference and confidential clients shall not be included. In the event the respondent has had a name change since the time work was performed for a listed client reference, the name under which the respondent operated at that time must be provided in the space provided on Attachment F.

In the event that respondents submit a reply as a joint venture or legal partnership, at least one (1) past performance **Non-AHCA/DOEA** client reference must be listed for each member of the joint venture or legal partnership. However, the total maximum number of client references to be listed remains three (3).

In addition, the respondent must include with its response a completed, signed with original signature and dated Evaluation Questionnaire for Past Performance (Attachment F, Page 7 of 7), provided by a maximum of three (3) **Non-AHCA/DOEA** client references (identified in Attachment F), in individual envelopes that contain a client signature across the sealed flap. The Agency will not accept any Evaluation Questionnaire for Past Performance which is not included with a Vendor's response.

If a respondent cannot provide a maximum of three (3) **Non-AHCA/DOEA** client references, the respondent shall list DOEA and AHCA contracts (with names of applicable AHCA or DOEA Contract Managers) that the respondent has undertaken with DOEA and/or AHCA as the prime vendor for work similar in nature to that specified in this ITN. AHCA will contact the applicable contract manager or their supervisor (if they are still employed by AHCA/DOEA or AHCA has their contact information readily available) for the most recent contracts until the maximum of three (3) references are obtained. The Agency will not use client references who are evaluators or negotiators for the ITN's issued pursuant to s. 409.981, F.S. (2011). In the event AHCA cannot, after a reasonable effort, contact a contract manager or immediate supervisor of that contract manager for a listed contract where the respondent was a prime vendor for AHCA or DOEA and who is not an evaluator or negotiator as listed above, then the respondent will receive a score of zero (0) for that reference evaluation. AHCA will not attempt to correct incorrectly supplied information.

Clients that are listed as subcontractors in the response will not be accepted as Past Performance references under this ITN. Entities having an affiliation with the respondent (i.e. currently parent, subsidiary having common ownership, having common directors, officers or agents or sharing profits or liabilities) may not be accepted as Past Performance references under this ITN.

AHCA will consider a maximum of three (3) clients (AHCA/DOEA and **Non-AHCA/DOEA**) who will complete an Evaluation Questionnaire for Past Performance, for evaluation scoring.

The Agency reserves the right to contact sources other than those identified by the respondent to obtain additional information regarding past performance. Any information obtained as a result of such contact may be used to determine whether or not the respondent is a “responsible vendor”, as defined in Section 287.012(24), Florida Statutes.

**FAILURE TO SUBMIT CLIENT INFORMATION ON ATTACHMENT F, PAST PERFORMANCE – CLIENT REFERENCE FORM, WILL RESULT IN THE REJECTION OF THE RESPONSE.**

**ATTACHMENT F, PAST PERFORMANCE – CLIENT REFERENCE FORM IS AVAILABLE FOR RESPONDENTS TO DOWNLOAD AT:**

The Cost Proposal and Cost Proposal Rate Sheets, also referred to as the Cost Proposal, shall be labeled and tabbed separately.

The intent of the Cost Proposal is for the respondent to provide prospectively determined monthly capitation rates for **each** of the following Eligibility Groups:

- Eligibility Group 1: Duals 18-64 (Attachment J-1)
- Eligibility Group 2: Duals 65+ (Attachment J-2)
- Eligibility Group 3: Non-Duals 18-64 (Attachment J-3)

##### **1. Requirements for Submission of Accompanying Narrative**

A General Narrative must be provided that explains the respondent’s rate-setting methodology. See Attachment J, Cost Proposal, Exhibit 1, Sample General Narrative. The respondent must indicate how it arrived at the proposed rates by explaining the steps and the data included in the rate-development process. At a minimum, the following information shall be provided:

- The overall trend rate used,
- Any adjustments to the populations or services reflected which differ from the base data provided, and
- Other adjustments.

##### **2. Cost Proposal Rate Sheets**

The respondent must utilize Attachments J-1 thru J-4, Cost Proposal Rate Sheets, to provide a detailed calculation of its capitated rate for each Eligibility Group based on the formulas provided therein.

**Note:** Attachments J-1 thru J-4, Cost Proposal Rate Sheets, are provided solely to facilitate completion of the Cost Proposal. It is the Respondent’s responsibility to

validate the amounts resulting from the calculations performed by the formulas provided therein.

Column A of Attachments J-1 thru J-4, Cost Proposal Rate Sheets, contains the Categories of Service (COS) to be included as part of the capitation rates. The COS are described in the Data Book.

### 3. Completing Attachments J-1 thru J-4, Cost Proposal Rate Sheets

In completing the steps below, refer to the Data Book for clarification regarding the COS definitions and unit descriptions.

- a. Utilization per 1,000 (columns B and E for Home and Community Based (HCBS) and Non-HCBS, respectively, lines 1-28): Calculated by multiplying units of service by 12,000 and dividing by member months (MM). Enter for each COS.
- b. Unit Cost (columns C and F for HCBS and Non-HCBS, respectively, lines 1-28): Enter a cost per unit (expressed in dollars and cents) for each COS.
- c. Per Member Per Month (PMPM) (columns D and G for HCBS and Non-HCBS, respectively, lines 1-28): Calculated by multiplying Utilization per 1,000 by Unit Cost and dividing the result by 12,000. Note that this calculation will be performed automatically by the formula entered in the electronic file provided.
- d. Net Medical HCBS and Non-HCBS PMPM (line 29): Calculated by adding PMPM costs for each COS. Note that this calculation will be performed automatically by the formula entered in the electronic file provided.
- e. Adjustments (lines 30-31): Enter the amount for Administrative Charge and Margin Charge. For each adjustment item, enter the percentage of total capitation for the adjustment in columns C and F. Provide additional information on the components of the Administrative and Margin Charge in the general narrative. Note that the PMPM adjustments will be calculated automatically in columns D and G by the formula entered in the electronic file provided.
- f. HCBS and Non-HCBS Capitation Rate (line 32): Calculated as the sum of the Net Medical PMPM and Adjustments for the HCBS and Non-HCBS components. Note that this calculation will be performed automatically by the formula entered in the electronic file provided.
- g. HCBS/Non-HCBS Mix (line 33): Established by the State as the region-specific percentage of members targeted to receive HCBS services in column D and the percentage of members targeted to receive non-HCBS services (i.e., Nursing Facility and Hospice) in column G.
- h. Total Blended HCBS/Non-HCBS Capitation Rate (line 34): Calculated as the HCBS Capitation Rate multiplied by the percentage of members targeted to receive HCBS services PLUS the Non-HCBS Capitation Rate multiplied by the percentage of members targeted to receive Non-HCBS services. Note that this calculation will be performed automatically by the formula entered in the electronic file provided.

Attachment M, Data Book, which includes summaries that reflect certain adjustments (e.g., completion factors) made to the base data as a part of the rate development process, is

provided to assist respondents with the preparation of the Cost Proposal. The Data Book includes a description of the adjustments. Respondents are not restricted to base data provided by the Agency for use in preparing the Cost Proposal. Respondents are encouraged to develop and use other data sources as needed to prepare a competitive Cost Proposal. Respondents are solely responsible for research and preparation of Attachment J, Cost Proposal and Attachments J-1 thru J-4, Cost Proposal Rate Sheets.

Capitation rates must be developed in accordance with generally accepted actuarial principles and practices and must be appropriate for the populations covered and the services provided described in this ITN. For the purposes of rate setting, the Agency may determine it will aggregate certain regions and rate cells to increase the credibility of the base data.

Federal requirements stipulate that the Agency can only contract for rates that are within actuarially sound rate ranges. On or before July 18, 2012, the Agency shall post Attachment J-5, Capitation Rate Ranges, via an addendum to this ITN providing actuarially sound capitation rate ranges for each Eligibility Group, as well as any additional information regarding aggregation of regions and rate cells as described above.

The respondent's proposed capitation rates must be within the capitation rate ranges for all Eligibility Groups identified in Attachment J-5, Capitation Rate Ranges, or **THE RESPONSE WILL BE REJECTED**.

**Note:** The capitation rate ranges are being provided solely for this ITN.

**FAILURE TO SUBMIT ATTACHMENT J, COST PROPOSAL, INCLUDING ATTACHMENTS J-1 thru J-4, COST PROPOSAL RATE SHEET(S), WILL RESULT IN THE REJECTION OF THE RESPONSE.**

**ATTACHMENTS J AND J-1 THRU J-5 ARE AVAILABLE FOR RESPONDENTS TO DOWNLOAD AT: <http://devahca/Procurements/index.shtml>**

#### **E. Technical Response**

Respondents to this ITN are required to submit their responses utilizing Attachment E-1, Submission Requirements and Evaluation Criteria Components. **RESPONSES WHICH DO NOT INCLUDE ATTACHMENT E-1, SUBMISSION REQUIREMENTS AND EVALUATION CRITERIA COMPONENTS, WILL BE REJECTED.**

**ATTACHMENT E-1 IS AVAILABLE FOR RESPONDENTS TO DOWNLOAD AT: <http://devahca/Procurements/index.shtml>**

#### **F. Innovative Concepts**

If the number of plans selected is less than the maximum amount of plans permitted in the region, the Agency may contract with other selected plans in the region not participating in the administrative challenge before resolution of the administrative challenge. ### **DETAILED INSTRUCTIONS**

These instructions are designed to clarify certain questions on the form. Instructions are listed in question order for easy reference. No instructions have been given for questions considered self-explanatory.

**IT IS ESSENTIAL THAT ALL APPLICABLE QUESTIONS BE ANSWERED ACCURATELY AND THAT ALL INFORMATION BE CURRENT.**

- Item I** (a) Under identifying information specify in what capacity the entity is doing business as (DBA), example, name of trade or corporation.
- (b) **For Regional Office Use Only.** If the yes box is checked for item VII, the Regional Office will enter the 5-digit number assigned by CMS to chain organizations.

**Item II** - Self-explanatory.

**Item III** - List the names of all individuals and organizations having direct or indirect ownership interests, or controlling interest separately or in combination amounting to an ownership interest of 5 percent or more in the disclosing entity.

Direct ownership interest is defined as the possession of stock, equity in capital or any interest in the profits of the disclosing entity. A disclosing entity is defined as a Medicare provider or supplier, or other entity that furnishes services or arranges for furnishing services under Medicaid or the Maternal and Child Health program, or health related services under the social services program.

Indirect ownership interest is defined as ownership interest in an entity that has direct or indirect ownership interest in the disclosing entity. The amount of indirect ownership in the disclosing entity that is held by any other entity is determined by multiplying the percentage of ownership interest at each level. An indirect ownership interest must be reported if it equates to an ownership interest of 5 percent or more in the disclosing entity. Example: if A owns 10 percent of the stock in a corporation that owns 80 percent of the stock of the disclosing entity, A's interest equates to an 8 percent indirect ownership and must be reported.

Controlling interest is defined as the operational direction or management of a disclosing entity which may be maintained by any or all of the following devices: the ability or authority, expressed or reserved, to amend or change the corporate identity (i.e., joint venture agreement, unincorporated business status) of the disclosing entity; the ability or authority to nominate or name members of the Board of Directors or Trustees of the disclosing entity; the ability or authority, expressed or reserved, to amend or change the by-laws, constitution, or other operating or management direction of the disclosing entity; the right to control any or all of the assets or other property of the disclosing entity upon the sale or dissolution of that entity; the ability or authority, expressed or reserved, to control the sale of any or all of the assets, to encumber such assets by way of mortgage or other indebtedness, to dissolve the entity, or to arrange for the sale or transfer of the disclosing entity to new ownership or control.

#### **Items IV – VII - Changes in Provider Status**

Change in provider status is defined as any change in management control. Examples of such changes would include: a change in Medical or Nursing Director, a new Administrator, contracting the operation of the facility to a management corporation, a change in the composition of the owning partnership which under applicable State law is not considered a change in ownership, or the hiring or dismissing of any employees with 5 percent or more financial interest in the facility or in an owning corporation, or any change of ownership.

For Items IV – VII, if the yes box is checked, list additional information requested under Remarks. Clearly identify which item is being continued.

**Item IV** - (a & b) If there has been a change in ownership within the last year or if you anticipate a change, indicate the date in the appropriate space.

**Item V** - If the answer is yes, list name of the management firm and employer identification number (EIN), or the name of the leasing organization. A management company is defined as any organization that operates and manages a business on behalf of the owner of that business, with the owner retaining ultimate legal responsibility for operation of the facility.

**Item VI** - If the answer is yes, identify which has changed (Administrator, Medical Director, or Director of Nursing) and the date the change was made. Be sure to include name of the new Administrator, Director of Nursing or Medical Director, as appropriate.

**Item VII** - A chain affiliate is any free-standing health care facility that is either owned, controlled, or operated under lease or contract by an organization consisting of two or more free-standing health care facilities organized within or across State lines which is under the ownership or through any other device, control and direction of a common party. Chain affiliates include such facilities whether public, private, charitable or proprietary. They also include subsidiary organizations and holding corporations. Provider-based facilities, such as hospital-based home health agencies, are not considered to be chain affiliates.
