INVITATION TO BID  
Controlled Substance and Alcohol Use Testing Services  
ITB-DOT-11/12-9019-JP

Questions and FDOT Answers

1. How does the current random program work? Is it monthly or quarterly?

**FDOT Answer: The random selection is monthly.**

2. In the RFP it mentions that the vendor is supposed to contact the state employee if they are selected for a random. Is the current vendor performing this function? Most vendors submit the random selections directly to DER of that agency.

**FDOT Answer: The vendor sends the list of employees and the type of test to be performed to a designated confidential Personnel employee who prepares the authorization to test for management's signature.**

3. If we were to send a mobile unit could they use a restroom at that state office? (Sending a mobile vehicle appears to be a costly option due to the lack of volume)

**FDOT Answer: Yes.**

Can you please tell me where the place of performance is to be?

**FDOT Answer: The place of performance will be at drug test centers contracted to the vendor of the drug test contract at sites within 15 miles of the Department's 49 work sites where we employ commercial drivers in the state of Florida, plus drug tests out of state as required for new hires.**

Does the called out number of tests apply to each of the sites?

**FDOT Answer: In general terms the specific number of tests listed (but not limited to) are about 1000. Does that number or is that number to remain constant for each of the 67 required sites? Making at a minimum the contract value has 67,000 tests annually (more or less).**

May I see the actual number of tests performed for the prior contract?

**FDOT Answer: Full year 2011 572 5 panel drug tests and 95 breath alcohol tests.**

Is this also available broken down to type and quantity of tests per site?

**FDOT Answer: The Department has no record of this data.**

Were there any complaints by DOT about the prior contract performance and if so, what were they?

**FDOT Answer: No complaints about the performance of the current vendor.**

Site locations where testing was performed for that contract?

**FDOT Answer: see attached**

It would be great if we could get a copy of all the State of Florida district & divisions associated with this bid.

**FDOT Answer: see attached**

This is a list of all of the locations from which we send employees to be drug tested – districts and addresses are identified as well as the number of employees that are eligible for random tests each month. New employees could be tested at any of these locations as well. Hope this covers your request.

Joyce

I have another question or concern with the bid. Under section 5.4.8.1 it states that an SAP must be located with 30 miles of the employee's work headquarters. Nationally we are having a hard time finding SAP's so I can be almost certain that this requirement can be met for all DOT sites. For example we only have about 12 registered SAP's in the State of Alabama. I could see the southern part of Florida having ample coverage but somewhat limited in the northern sectors of the state.

P.S. It would be great if we could get a copy of all the State of Florida district & divisions associated with this bid.

Take care,

Danny L. Cooner
